

**COSMETICS – O.E.M. COLORS & MATERIALS**

- Refinish/Paint (All visible surfaces & pedestal stand) . . . . . \$400.00
- Repainting & touch-up (a-la-carte) . . . . . \$ 65.00 per major panel/item
- . . . . . \$ 35.00 per minor panel/item
- Armrest recovered. . . . . \$ 65.00
- Replacement armrest end caps (molded polyurethane in RED or BLACK) . . \$ 59.00 per pair
- Replacement Head Cover . . . . . \$195.00 *limited availability*

**FUNCTIONAL REBUILDS & REPLACEMENTS**

- Full Transport Clean /Paint . . . . . \$275.00  
The entire deck is stripped down and given a bath. Functional parts and hardware are replaced and/or lubricated & adjusted as necessary. Includes re-painting of the deck surround.
- Capstan Motor Rebuild . . . . . \$350.00
- Reel Motors Rebuild . . . . . \$280.00 ea. x2 for "The Works" (\$560.00)
- Reel motor Turntables . . . . . \$ 65.00 ea. x2 for "The Works" (\$130.00)  
Covered with new neoprene/cork composite & machined flat.
- **Mag-Reels** - Precision NAB adapters machined from solid billet aluminum. . . . . \$329.00/pair  
Auto reel centering offering low wow & flutter and a great look!
- Rebuild Rotary Solenoids & Tension arm Assemblies . . . . . \$165.00 ea. x2 for "The Works" (\$330.00)  
non-rebuildable version - converted to new version . . . . . add \$100.00 ea.
- Capstan w/Optical Encoder Assembly incl. trade-in of core . . . . . \$365.00 (no trade price - \$505.00)
- Timing Idler Assembly incl. trade-in of core . . . . . \$275.00 (no trade price - \$375.00)  
Above items covered with our proprietary, "red" high performance elastomer, precision ground & slit. Always tested for speed & flutter performance.
- Quartz/Pyrex Tape Lifter Sleeves (2) . . . . . \$ 43.95 set of (2) *limited availability*
- Bearings for rebuildable tape guides. . . . . \$ 15.90 ea. (bearing prices subject to change)
- Head assembly - ultrasonic clean, adjust & lubricate. . . . . \$180.00
- Rebuild 1/4" Tape guide incl. bearings & shims . . . . . \$ 45.00 ea. old non-rebuildable style must be replaced.
- Rebuild 1/2" Tape guide incl. bearings & shims . . . . . \$ 65.00 ea. old non-rebuildable style must be replaced.
- Replacement 1/4" Tape Guide (2 per machine). . . . . \$130.00 ea.
- Replacement 1/2" Tape Guide (2 per machine). . . . . \$160.00 ea.
- Note: A 1/4" machine converted to 1/2" will require replacement guide shafts, in addition to dual bearings.
- Rebuild OEM Scrape Flutter Filter for head assembly . . . . . \$110.00 plus parts, if required
- **Low-Noise** TEF Scrape Flutter Filter Set (2) for head assembly. . . . . \$375.00 (recommended, net cost w/ The Works - \$265.00)
- Remote Control w/25 ft extension . . . . . \$495.00 *limited availability*
- Single point Search-to-Cue w/25 ft extension . . . . . \$495.00 *limited availability*
- Accessory tray - original Ampex part . . . . . \$ 24.95 (recommended)
- Head relapping & replacement / track format conversion. . . . . \$ by quotation, will be added to total

**ELECTRONICS & "THE WORKS"**

- Test & wash all audio & control electronics. . . . . \$325.00  
Cards are washed to a sparkle and all edge & harness connectors are cleaned and treated with a protectant/preservative.
- Rebuild the Power Supply . . . . . \$450.00  
Includes new electrolytic capacitors & rectifiers throughout with safely increased capacitance & current handling capacity. Some required parts may be additional if there are problem components.
- Rebuild the Capstan Servo & Reel Control electronics . . . . . \$290.00 ea. (\$580.00)  
Proper functioning of these cards is critical. The discreet PWM reel driver circuit is extremely "fussy". Failure can create serious problems. We render a number of modifications which dramatically stabilize these critical circuits.
- Audio & other electronics repaired / restored to OEM specs - additional charges apply . . . . . \$90.00 per hour + parts  
This work is performed a-la-carte and will be added to your total. Most machines will require work, and some much more than others.
- Xiron™ transformerless I/O modules . . . . . \$425.00 ea. w/ trade-in of your OEM I/O's

**"The Works"** includes all items marked with "●" . . . . . \$4,175.00  
This is the starting price point for a major rebuild. Includes a one year warranty on motors and electromechanical assemblies & four months on rebuilt electronics. Price includes a 5% overall discount off the a-la-carte price. A minimum \$3,000.00 deposit is required.

- Transportation & Insurance . . . . . \$ by quotation
- H-D Crate aka. "Skid & Hood" for worldwide transportation (fully reusable). . . . . \$290.00

*prices subject to change without notice.*
