

## Swingarm Tension Springs

### Direct Replacement for **Otari MTR-90**

Improved Tape Handling,  
Timer Accuracy, &  
Reduced Roller Wear.

"Little things  
that make a big  
difference...The most  
significant small  
investment you can  
make for your  
MTR-90...."

**\$10.75 per set.**

Shown at 200%

- Simple, direct replacement for original springs.
- New springs function in the middle of their optimum expansion range.
- Allow setting appropriate higher tension for thicker, stiffer tapes.
- Help eliminate roller slip. Improved accuracy of tape timer/position indicator.
- Better tape-to-head contact. Increase high frequency output.
- Made from quality tempered music wire for long life, stability, and even tension.
